Stella

Branno Stella

By Branna
My name for a wolf is Stella.
Because Stella means stars in
Italian. And stars go with the moon.
And wolves howl
at the moon.

Hi. I want to propose a name for a Mexican Wolf Pup. I live in Mexico, and it is very important for me, because I love wolves, specially this species, that has the name of my Country.

The name I would like a Pup would use is AUIU, because that way sounds their howl and I hope very much to listen it at our mountains again.

**Thank you for help saving our wolves. Please continue.
MINAHALA.**

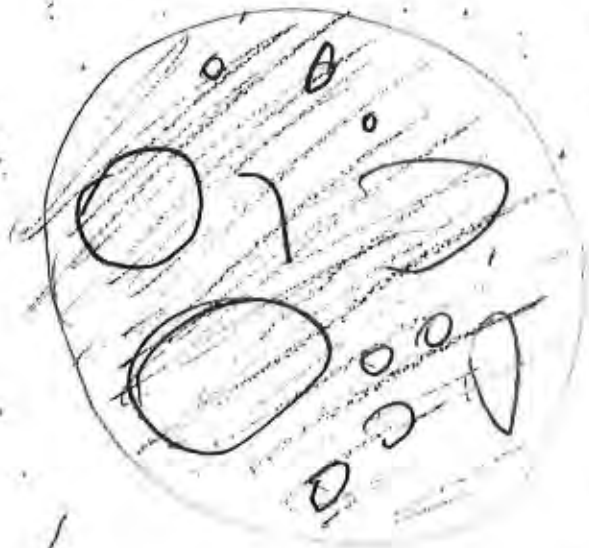

(My Dad wrote this for me, but name and drawing is only mine)

Lbus

Lbus is unique and wild name like me, because I made it up.
