D M A

ON my recent trip to Norway I
 Learned about the Wolves of Scandinavia.
 The Vikings had great love and respect for
 the wolves who would join them in the
 Valhalla in the after Life.

ONLY great warriors went to Valhalla and
 So I called my wolf Valhalla to represent
 the place where only the great ones go.

I would name a wolf Wolfie

here are my reasons why.

Firstly, Wolfie is a name for a baby wolf. Wolfie is basically wolf but a cuter name. Also

Wolfie is my teachers son

name. My teachers son is a baby and the wolf pups

are a baby so Wolfie is

the perfect name. For these

reasons Wolfie is the best

name for Wolf pups.

Xerxes means a
warrior. A hero
among his pack.
I want Xerxes to be a
hero of all the Mexican
wolves. He will be a leader
of his pack and live a long
happy wild life.

Zara

I would like to name the pup ZARA because I want her to thrive in the wild, grow up strong and yet be beautiful. For me, this name represents freedom, beauty and equality for all earthlings. May she grow up to have lots of pups of her own; I will not only help to name them all but also adopt them.
Love, Sami.

Falcon

I chose "Falcon" because wolves are very brave like falcons when falcons swoop down to try to eat snakes. A falcon is not afraid of the snake's venom. That is how I chose the name "Falcon."
