

Seventh Annual Mexican Gray Wolf Pup Naming Contest Guidelines

Deadline February 4, 2019 11:59 p.m. PST

Mexican gray wolves are the most endangered wolves in the world. Less than 120 roam the wildlands of the Southwest. And just like people, every Mexican wolf is special, and different, and deserving of his or her own identity.

The naming contest is open to children across the globe and is a great way for kids, teachers, and parents to learn and share about these wonderful animals.
