I think that Majesty is a great name choice for a newborn Mexican Gray Wolf pup. The name Majesty represents wolves because they are like kings, the royalty of the desert. If a newborn pup were to be named Majesty, it would represent the way that wolves rule the southwest as powerful animals. The name Majesty also shows how wolves are “rich” in their spirit and nature. The Mexican Gray Wolf hopefully will be saved from extinction in the future and be the “kings” of the mountains, forests and the desert. Majesty would be a great name for a Mexican Gray Wolf pup.
